

SYLVANIA HIGH SCHOOL

WELFARE AND DISCIPLINE POLICY
&
PROCEDURE

Effective: February 2019

A Statement of Purpose

Student discipline is an important part of providing a conducive learning environment for our school community. Our school discipline policy is reviewed regularly and has been developed collaboratively with all members of our school community, including students, staff, parents and the Parents and Citizens association. Our discipline policy equally recognizes and acknowledges student achievement as well as outlining the procedures required to deal with unacceptable behaviour. The foundations of these policies are based on our two Rs of Respect and Responsibility. It is this strong foundation that creates opportunities for our students to become responsible and active members of our wider community whilst at the same time creating an effective teaching and learning environment which encourages students to reach their potential.

Our Welfare and Discipline Policy is in three sections:

Welfare

Anti – Bullying

Discipline

The policy includes:

- Behaviour Code For Students – two Rs of Respect and Responsibility
- Student Awards Scheme Policy & Procedure including achievement assemblies, see School Policy Bank;
- Bullying response flowchart
- Strategies for dealing with unacceptable behavior
- Attendance Monitoring Policy & Procedures, see School Policy Bank.

In addition to the above information our School Discipline Policy outlines the responsibilities of staff, students and parents in ensuring our school remains a happy and safe learning environment where all members of our school community are respected.

The following principles underpin our code of conduct:

- All individuals are valued and treated with respect.
- Students have a right to work in a safe and happy learning environment.
- Parents have the right to expect that their children will be educated in an environment in which care, courtesy and respect for the rights of others is encouraged.
- Teachers have the right to expect that they will be able to teach in an orderly and co-operative environment.
- Parents have a responsibility to support the school in its efforts to maintain a positive teaching and learning environment.
- All staff have a responsibility to fairly and consistently implement the code of conduct.

This team meets regularly and is led by the Head Teacher Welfare.

B. ANTI – BULLYING

Anti-Bullying Policy

Every person at Sylvania High School has the right to learn within a safe, happy, fair and supportive environment. They also have the right to experience positive and respectful relationships between all members of the school community. Any form of Bullying behaviour is not acceptable at Sylvania High School.

We believe that teachers, students, parents and members of the wider school community have a responsibility to work together to address bullying with a structured approach to sustain a safe environment at Sylvania High School.

What is bullying?

Bullying can be defined in the following ways:

- a **repetitive** attack causing distress not only at the time of the attack, but also by the threat of future attacks;
- an imbalance of power;
- verbal: name calling, put-downs, threatening language (harassment);
- physical: hitting, tripping, poking, punching, kicking, throwing objects, stealing
- social: often covert including ignoring, hiding, ostracizing; and
- psychological: often covert including stalking, 'dirty looks', spreading rumours, hiding and/or damaging possessions (*Mind Matters - National Mental Health Strategy 2002*).

Cyberbullying can be defined as:

- The use of digital technology including devices and equipment such as mobile phones, computers, and tablets as well as communication tools including social media sites, text messages, chat sites and websites to bully a person; and
- Covert bullying behaviour is also unacceptable. This includes repeated bullying behaviour that is hidden or out of sight

Why have this policy?

At Sylvania High School we recognise that bullying:

- devalues, isolates and frightens;
- affects an individual's ability to achieve; and
- has long term effects on those engaging in bullying behaviour, those who are the target of bullying behaviour and the onlookers or bystanders.

Strategies used to help prevent bullying at Sylvania High School

- Development and implementation of a clear Anti-bullying Policy including the eSafety Commissioner Anti-Bullying Plan which is accessible to all members of our school community (students, parents, teachers and other school staff);
- Provide professional learning for new staff members;
- Flowcharts for offender and target of bullying issued and displayed in each staffroom;
- Increase the awareness of our school community through the staff and student handbooks, Anti-Bullying brochure, year and whole school assemblies, Sylvan Lights Newsletter and other initiatives with a link to eSafety Commissioner website for resources and support material and links;
- Enabling the welfare team to meet on a regular basis to discuss student welfare including bullying;
- Mentoring through the Peer Support Program (Year 10 students trained in Term 4 each year to guide/mentor the incoming Year 7 students the following year) which incorporates self-esteem, resilience and assertiveness components;
- Linking with third party providers including eSmart, Headspace, Project Youth and performance companies to assist in achieving professional whole school and anti-bullying goals; and
- Implementation of eSmart and Be You Project across all faculty areas to promote positive wellbeing and respectful relationships to maintain a safe school.

What should we do if we are or see others being bullied?

Sylvania High School encourages students and parents to notify staff about bullying concerns. This is important and should be seen as responsible reporting. On notification of these concerns our school community can be confident in knowing that these issues will be dealt with in a timely and sensitive manner. These issues are often complex, however the school will work towards a solution as necessary.

What should a target of bullying or a bystander (witness to the bullying incident) do?

1. Tell someone (teacher, parent/guardian) immediately about the bullying concern.
2. Where the bullying involves a physical assault or threat, you should immediately report the incident to either the Principal, Deputy Principal, Year Adviser or nearest staff member.
3. Feel assured that your concerns will be dealt with by a member of the welfare team and/or other trained staff.
4. Report any on-going concerns or incidents where the bullying behaviour has not stopped.

Bullying students thrive on attention. If possible:

- Try to ignore the bully and say to yourself, “That’s their problem, not mine.”
- Be assertive and stand up to the bully. Confidently and politely tell them to stop what they are doing.
- Record and report the bullying if they continue. Bullying students thrive on the fact that you do not want to ‘dob’ or tell others. Be confident that teachers at our school are trained in conflict resolution and can help.

What should parents do?

1. Encourage your child to understand the unacceptability of bullying as much as possible and assure him/her that the problem can be solved. Please read this policy with your child.
2. Encourage your child to communicate his/her concerns about bullying with a staff member e.g. Year Adviser, Head Teacher Welfare or Deputy Principal.
3. Contact the school if your child's efforts to deal with bullying do not appear to be working. A member of the welfare team will work with your child to devise strategies to stop bullying incidents.

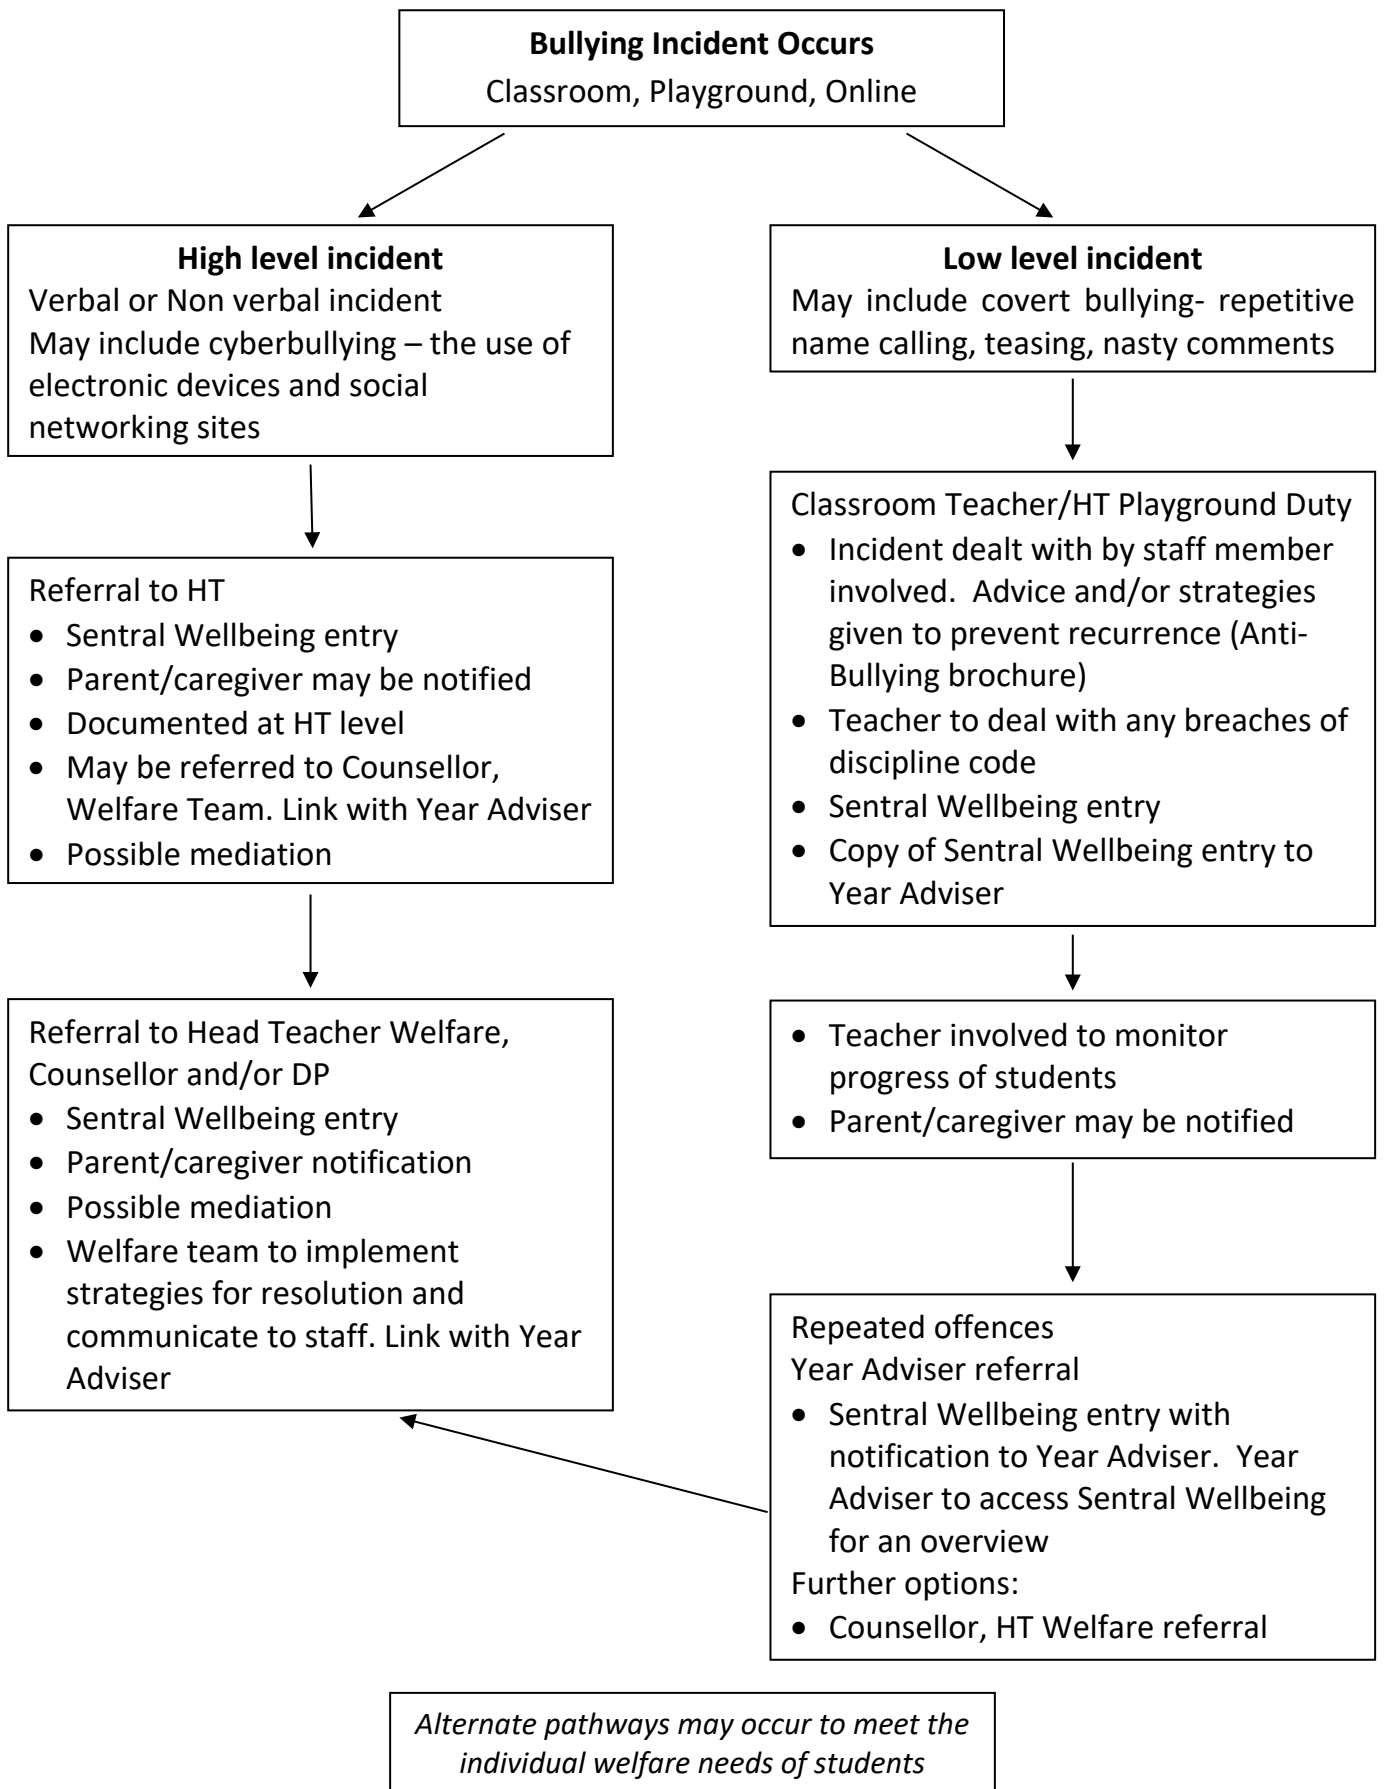

What should staff do?

1. Listen and acknowledge the seriousness of the bullying and report immediately where necessary. Log the incident on Sentral Wellbeing.
2. Try to resolve minor bullying situations following the schools Anti-Bullying Flowchart. Refer to the Welfare team any ongoing or major incidents. They will coordinate reports and propose appropriate anti-bullying strategies. Log the incident on Sentral Wellbeing.
3. Deal with any breach of the school discipline code in line with school policy
4. Monitor student(s) in the short term.

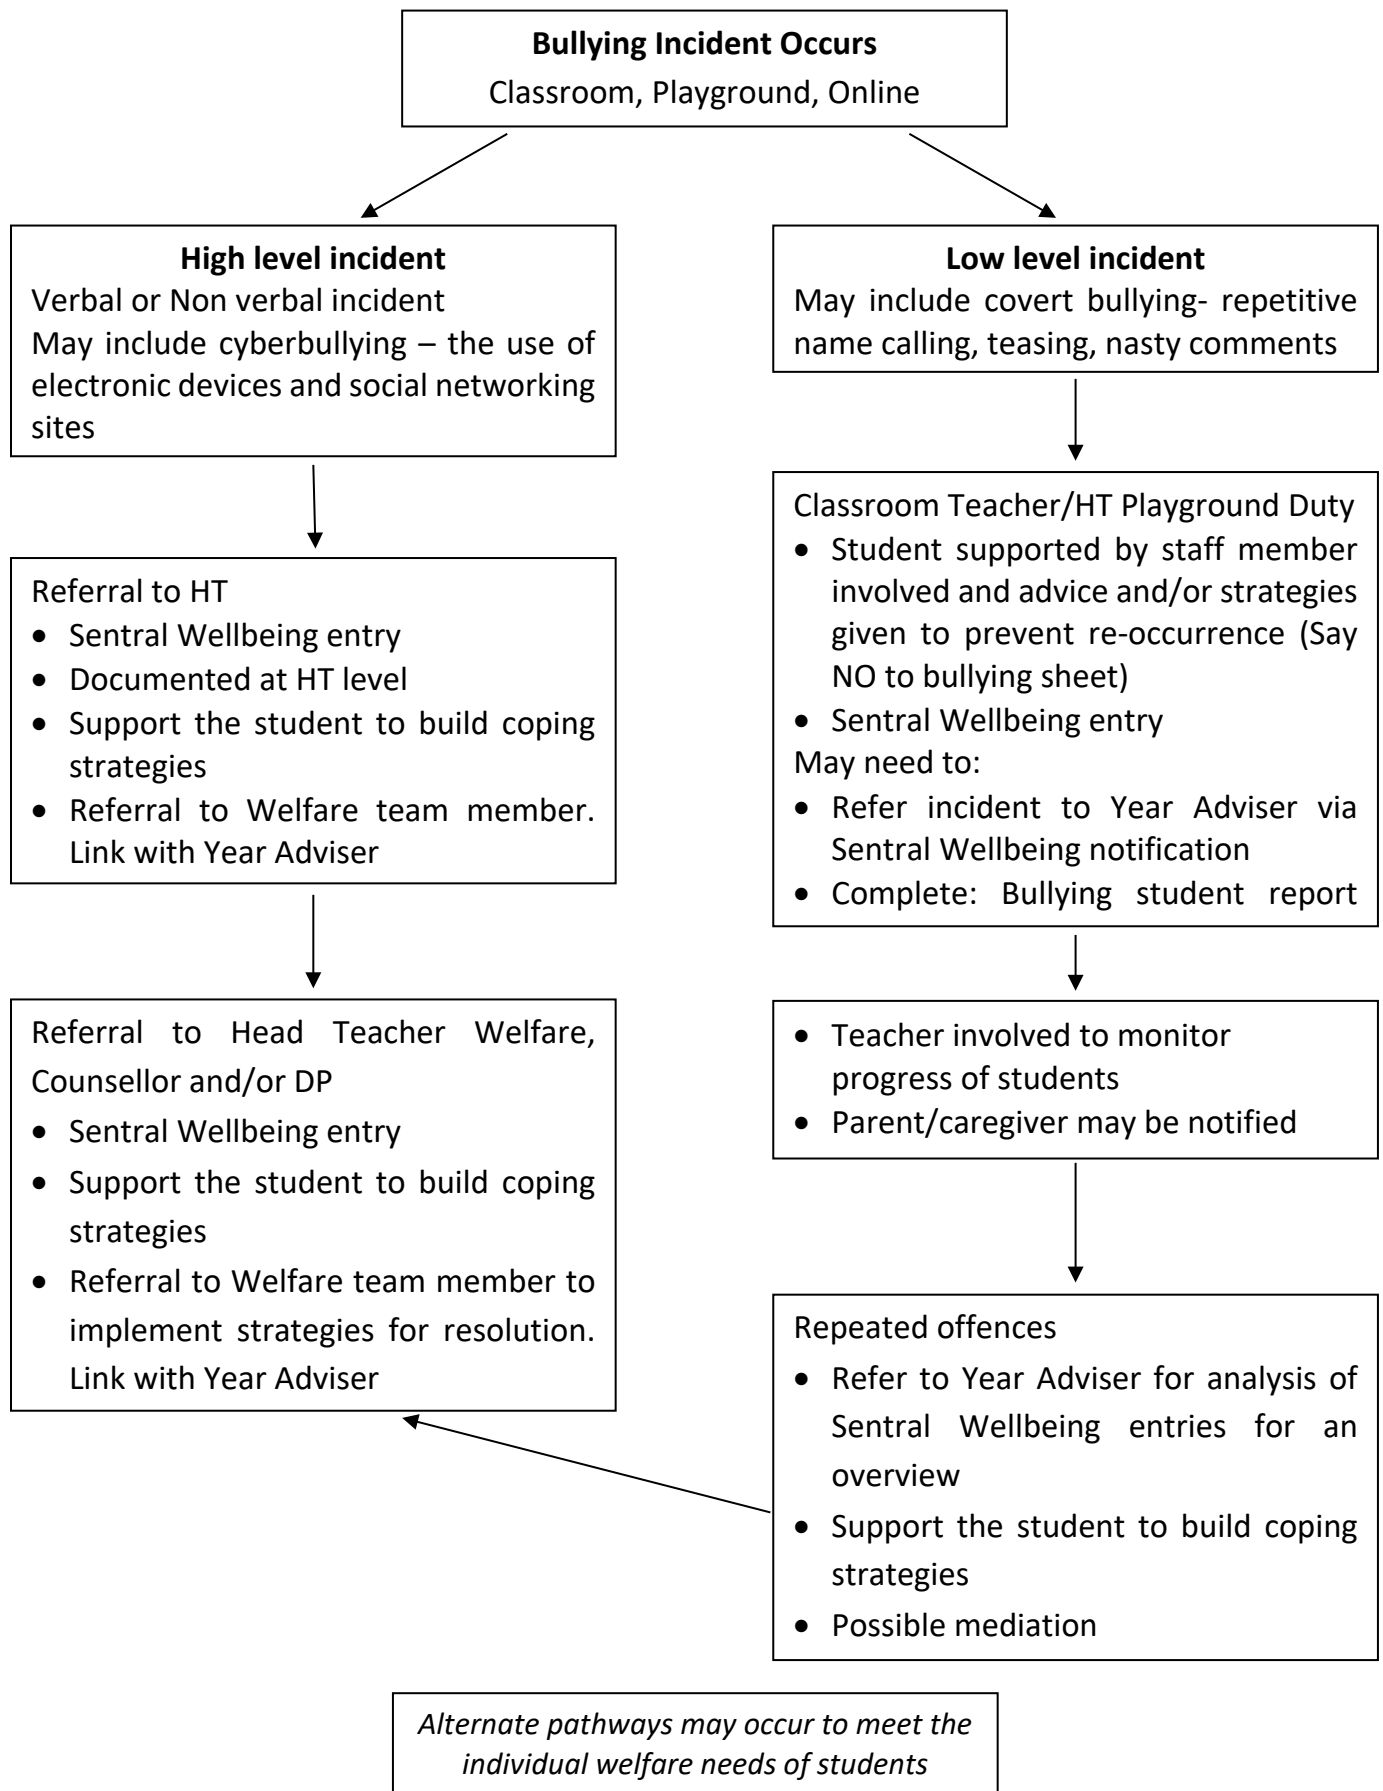

To maintain a safe, happy and caring learning environment Sylvania High School will help targets of bullying, bystanders and those who bully through:

- mediation
- counselling sessions
- parental involvement
- distribution of information e.g. school Anti-Bullying brochure, pamphlets,
- student anti-bullying program
- link with external organisations including eSmart, Headspace, Kids Helpline
- disciplinary action
